Thomas François Burgers (1834-81) succeeded to the presidency in 1871 and wasted no time in ridding the Republic of its worthless paper money, declaring British sterling as the legal tender. Visiting the goldfields of the Eastern Transvaal in early 1874 he purchased a quantity of alluvial gold, which he despatched to J.J. Pratt, the Republic's Consul-General in London, along with sketches of his portrait and the country's coat of arms, with a request that the gold be turned into *staatsponden* with the same intrinsic value as the British sovereign. Burgers had wanted the coins to be in the country by May, when the Volksraad was next convened, but the gold only reached London in the middle of that month, and then had to be melted down and refined. Matrices and dies were made by L.C. Wyon and coining entrusted to Ralph Heaton in Birmingham. A total of 695 pieces were received by Pratt on 25 July before the obverse die broke. A new die, on which the President's beard was rendered in a more coarse style, was ordered and 142 coins were struck from it. When the coins reached South Africa Burgers triumphantly presented 50 pieces to the Volksraad, but was immediately accused of having the coins struck at the expense of the government and, even worse, allowing his image to appear on them. Parliament later relented and members were paid for the first day's session with one Burgers pond each; members of the public could buy them for £2 each. Designs were prepared for a series of other denominations, but the Volksraad voted against any further coin issues.

The issue was produced on the recommendation of General Christian Muller, the assistant-commandant-general, and authorised by Schalk Burger, acting president of the Republic after Paul Kruger left the country on 19 October 1900. The dies were executed by the acting mint master, P.J. Kloppers, former head teacher at the De Kaap Government School.

For study purposes, this lot is offered with three gold forgeries of the Veld Pond, the so-called 'long A variety', 'A crossbar type' and 'missing Z stroke variety', so-called after the main differences in obverse design (Levine F31, F33, F35). These are illustrated only online.

Dominica

4203 Authority of September 1798, Moco or One-and-a-Half Bitts (valued at One Shilling and Three-Halfpence), a circular segment, most likely from a Spanish-American 8 Réales, with 15 crenations, one side stamped with a script *D* radiate, small star within the loop of the letter, 2.79g/43.0gr (Prid. 22 [Sale, lot 290]; KM. 1). *Very fine, dark tone and most likely an official example* £90-120

- 4204** ——— Moco or One-and-a-Half Bitts, a circular segment, possibly from a Spanish-American 8 Réales, with 15 crenations, one side stamped with a script *D* radiate, small star within the loop of the letter, 2.49g/38.4gr (Prid. 22A [Sale, lots 291-3]; KM. 1). *Fine, but the light weight would suggest a contemporary forgery or unofficial example*

Gibraltar (with links to Dominica)

- 4218 Type IV, c. 1765**, Eleven Bitt Dollar (valued at Eight Shillings and Threepence, re-valued to 10 Bitts in Dominica, September 1798), **MEXICO, Ferdinand VI**, 8 Réales, 1753^{MF}, Mexico City, centrally pierced from the *rev.* with a heart-shaped hole, surrounded by a lined border on both sides, 22.87g/352.9gr (Prid. 16 [Sale, lot 284]; KM. Martinique 20). *Very fine or better, rare* £900-1,200

Research by Bob Lyall (*SNC* December 2007 and February 2008) identifies Gibraltar as the origin for these coins with heart-shaped holes. The Dominica Act of September 1798 shows that some number of the Dollar denomination migrated to that island. Additional contemporary documentation suggests that coins with heart-shaped holes might have circulated in the British colonies of North America (New England)

Grenada

- 4219 Issues of c. 1786**, One Bitt (valued at Ninepence, after 21 March 1787 reduced to Sixpence), a lightweight cut 'eleventh' of a Spanish-American 8 Réales, *rev.* countermarked with incuse G, 1.60g/24.7gr (Prid. 1 [Sale, lot 357]; KM. 1). *Coin and countermark about fine, a contemporary forgery, rare* £100-150

Guadeloupe

A number of crowned G punches were employed and the character of this coin leads the cataloguer to believe this is an official example

- 4221** ——— Nine Livres, SPAIN, Joseph Napoléon, 20 Réales, 1812, pierced from the *rev.* with a square hole with crenated edges, both sides countermarked with a crowned G raised within a shaped indent, 24.04g/370.9gr (*cf.* Prid. 2 [Sale, lot 399]; VG 30; KM. 26). *Coin fine, countermarks better* £300-350

The host coin date and the style of the countermarks strongly suggest that this is an unofficial example

- 4222** ——— Twenty Sous, a square centre segment from a Spanish-American 8 Réales, with crenated edges, one side stamped with G radiate, 2.58g/39.8 gr (Prid. 3 [Sale, lot 400]; VG 27; KM. 19). *Fine, dark tone, lightweight but seemingly official* £200-250

This piece, and its companions with values for one centavo and quarter-centavo, have traditionally been attributed to the German-Jewish firm of Breisch & Co, from Württemberg, who established a base in Jaffa, Palestine, in 1884, where it had been presumed that these pieces were valued at a quarter, a half and one piastre. However, the late Edward Roehrs and others have reported that the tokens have nothing to do with Palestine and were in fact issues that should be attributed to Balseiro y Georgetti, an industrial agricultural concern formerly known as Florida Agricola, acquired by the sugar baron Eduardo Georgetti (1866-1937) and his father-in-law, Rafael Balseiro (1833-1902), sometime shortly after 1888. Georgetti's sugar refineries, at Central Plazuela in the town of Barceloneta, had their own dock at which barges were loaded to transport sugar to waiting ships moored in the bay and specimens of these B & G tokens are reported to have been found in Puerto Rico over the past 40 years. Chang Tso-lin was a Manchurian warlord who extended his power south and eastwards from his homeland. He invaded China in 1924 and captured Peking in the spring of 1926. He declared himself Grand Marshal of the Republic of China and ruled as head of the country's internationally recognised government from 1927 until he was ousted by the Nationalist forces of Chiang Kai-shek in May 1928. Dominica

- 4392 Authority of September 1798**, Moco or One-and-a-Half Bitts (valued at One Shilling and Three-Halfpence), a circular segment, most likely from a Spanish-American 8 Réales, with 15 crenations, one side stamped with a raised script *D* radiate, small star within the loop of the letter, 3.24g/50.0gr (Prid. 22 [Sale, lot 290]; KM. 1). *Extremely fine but struck slightly off-centre* £100-150

Due to differing thicknesses and diameters of the 8 réales from the various Spanish-American mints there is a variance in the official mocos from the legislated weight of 48 grains, as provided for in the September 1798 Act. A moco over 48 grains is unusual and this fact, combined with the high quality of the countermark punch, points to this specimen almost certainly being official

£15,000-20,000

Provenance: Found in Hampshire. To be recorded in BNS Finds register (BNJ 2012, publication forthcoming).

Philip the Bold was the youngest son of John the Good, King of France. At the age of 21 he was given the Duchy of Burgundy as a reward for his valiant behaviour at his father's side during the Battle of Poitiers in 1356. An advantageous marriage to Margaret of Dampierre, daughter of the count of Flanders, brought him additional territories in the Low Countries on the death of his father-in-law in 1384.

The export of English wool to the Low Countries was the basis of the English economy for much of the middle ages. Payments for wool created a steady inflow of bullion to the Exchequer. Over many decades the English tried to control this money by having foreign coins melted and restruck at Calais, the site of the Wool Staple. This incurred extra expense for the foreign merchants and resulted in rivalry between the English and foreign mints to attract bullion. For a brief period at the end of the 14th century, this has been described as the 'War of the Gold Nobles'.

The Flemish gold noble and its fractions was introduced under an Ordinance dated 1 October 1388 and may have been a response by the Flemings to an attempt by the English to insist on payment in nobles for wool purchased at the Calais staple. While the nobles are relatively common, being struck in large quantities to finance international trade, the smaller denominations are rare, the half-noble extremely so.

The present specimen is one of just a handful known and a very unusual find from the British Isles. Not surprisingly, it was voted 'Most significant metal-detecting find of the year' for 2011 by readers of *The Searcher* magazine

END OF SALE

IMPORTANT INFORMATION FOR BUYERS

Absentee Bids

If instructed we will execute bids and advise intending purchasers. No charge is made for this service. Lots will always be bought as cheaply as is allowed by such other bids and reserves as are on our books. In the event of identical bids, the earliest will take precedence. Always indicate a 'top limit' – the amount to which you would bid if you were attending the auction yourself. 'Buy' or unlimited bids will not be accepted.

All bids must be confirmed in writing, by fax or email and should be received by 18.00 on the day before the auction. Although we will endeavour to execute all late bids, Dix Noonan Webb cannot accept responsibility for any bids received on the day of the auction itself.

Commission Form

Further advice to bidders and purchasers may be found on the commission form included with this catalogue. Please use this form when sending bids to us.

Buyers' Premium

A buyers' premium of 20% on the hammer price (plus VAT if resident in the European Union) is payable by the buyer of all lots.

Pre-sale Estimates

The pre-sale estimates are intended as a guide for prospective purchasers. Any bid between the listed figures would, in our opinion, offer a fair chance of success. However all lots, depending on the degree of competition, can realise prices either above or below the listed estimates.

Methods of Payment

All payments must be made in pounds sterling. Payment may be made by transfer direct to Dix Noonan Webb's account at:

Alternative methods of payment which will enable immediate clearance of purchases include cash, bankers drafts, credit cards (Master Card, Visa and American Express) and debit cards. Although personal and company cheques are accepted, buyers are advised that property will not be released until such cheques have cleared.

Please note that we will not accept cash payments in excess of £5,000 (five thousand pounds) in settlement for purchases made at any one auction.

Purchases will be despatched as soon as possible upon receipt of your written despatch instructions and full payment in pounds sterling for the lots you have bought. Carriage will be at the buyer's expense. Estimates and advice on all methods of despatch can be provided upon request.

All credit card payments are subject to an additional charge of 3 per cent.

Insurance cover will be arranged unless otherwise specified and will be added to the carriage charge.

Clearance of Purchases

Buyers who have not established a credit arrangement with Dix Noonan Webb will be asked to pay for their purchases in pounds sterling when they wish to take possession of them. It is regretted that Dix Noonan Webb cannot take banker's references over the telephone at the time of clearance and that buyers cannot take possession of their purchases until cheques are cleared.

If buyers wish to pay for their purchases by cheque they are urged to arrange clearance of their cheques well in advance of the sale by supplying appropriate banker's references.

Buyers will be requested to supply a reasonable means of identification at the time of payment.

Lots will only be released to the purchaser, or his or her authorised representative, if full payment in pounds sterling has been received by Dix Noonan Webb, together with settlement of any charges due.

CONDITIONS OF BUSINESS

Conditions mainly concerning Buyers

1 The buyer

The highest bidder shall be the buyer at the 'hammer price' and any dispute shall be settled at the auctioneer's absolute discretion. Every bidder shall be deemed to act as principal unless there is in force a written acknowledgement by Dix Noonan Webb that he acts as agent on behalf of a named principal.

2 Minimum increment

The auctioneer shall have the right to refuse any bid which does not exceed the previous bid by at least 5 percent or by such other proportion as the auctioneer shall in his absolute discretion direct.

3 The premium

The buyer shall pay to Dix Noonan Webb a premium on the 'hammer price' in accordance with the percentages set out in paragraph 4 above and agrees that Dix Noonan Webb, when acting as agent for the seller, may also receive commission from the seller in accordance with Condition 15.

4 Value Added Tax (VAT)

The buyers' premium is subject to the current rate of Value Added Tax if the purchaser is resident in the European Union.

5 Payment

Immediately a lot is sold the buyer shall:

(a) give to Dix Noonan Webb his or her name and address and, if so requested, proof of identity; and

(b) pay to Dix Noonan Webb the 'total amount due' in pounds sterling (unless credit terms have been agreed with Dix Noonan Webb before the auction). Please note that we will not accept cash payments in excess of £5,000 (five thousand pounds) in settlement for purchases made at any one auction.

6 Dix Noonan Webb may, at its absolute discretion, agree credit terms with the buyer before an auction under which the buyer will be entitled to take possession of lots purchased up to an agreed amount in value in advance of payment by a determined future date of the 'total amount due'.

7 Any payments by a buyer to Dix Noonan Webb may be applied by Dix Noonan Webb towards any sums owing from that buyer to Dix Noonan Webb on any account whatever, without regard to any directions of the buyer, his or her agent, whether expressed or implied.

8 Collection of purchases

The ownership of the lot(s) purchased shall not pass to the buyer until he or she has made payment in full to Dix Noonan Webb of the 'total amount

due' in pounds sterling.

9 (a) The buyer shall at his or her own expense take away the lot(s) purchased not later than 5 working days after the day of the auction but (unless credit terms have been agreed in accordance with Condition 7) not before payment to Dix Noonan Webb of the 'total amount due'.

(b) The buyer shall be responsible for any removal, storage and insurance charges on any lot not taken away within 5 working days after the day of the auction.

(c) The packing and handling of purchased lots by Dix Noonan Webb staff is undertaken solely as a courtesy to clients and, in the case of fragile articles, will be undertaken only at Dix Noonan Webb's discretion. In no event will Dix Noonan Webb be liable for damage to glass or frames, regardless of the cause.

10 Buyers' responsibilities for lots purchased

The buyer will be responsible for loss or damage to lots purchased from the time of collection or the expiry of 5 working days after the day of the auction, whichever is the sooner. Neither Dix Noonan Webb nor its servants or agents shall thereafter be responsible for any loss or damage of any kind, whether caused by negligence or otherwise, while any lot is in its custody or under its control.

11 Remedies for non-payment or failure to collect purchase

If any lot is not paid for in full and taken away in accordance with Conditions 6 and 10, or if there is any other breach of either of those Conditions, Dix Noonan Webb as agent of the seller shall, at its absolute discretion and without prejudice to any other rights it may have, be entitled to exercise one or more of the following rights and remedies:

(a) to proceed against the buyer for damages for breach of contract.

(b) to rescind the sale of that or any other lots sold to the defaulting buyer at the same or any other auction.

(c) to re-sell the lot or cause it to be re-sold by public auction or private sale and the defaulting buyer shall pay to Dix Noonan Webb any resulting deficiency in the 'total amount due' (after deduction of any part payment and addition of re-sale costs) and any surplus shall belong to the seller.

(d) to remove, store and insure the lot at the expense of the defaulting buyer and, in the case of storage, either at Dix Noonan Webb premises or elsewhere.

(e) to charge interest at a rate not exceeding 2 percent per month on the 'total amount due' to the extent it remains unpaid for more than 5 working days after the day of the auction.

(f) to retain that or any other lot sold to the same buyer at the sale or any other auction and release it only after payment of the 'total amount due'.

(g) to reject or ignore any bids made by or on behalf of the defaulting buyer at any future auctions or obtaining a deposit before accepting any bids in future.

(h) to apply any proceeds of sale then due or at any time thereafter becoming due to the defaulting buyer towards settlement of the 'total amount due' and to exercise a lien on any property of the defaulting buyer which is in Dix Noonan Webb's possession for any purpose.

12 Liability of Dix Noonan Webb and sellers

(a) Goods auctioned are usually of some age. All goods are sold with all faults and imperfections and errors of description. Illustrations in catalogues are for identification only. Buyers should satisfy themselves prior to the sale as to the condition of each lot and should exercise and rely on their own judgement as to whether the lot accords with its description. Subject to the obligations accepted by Dix Noonan Webb under this Condition, none of the seller, Dix Noonan Webb, its servants or agents is responsible for errors of descriptions or for the genuineness or authenticity of any lot. No warranty whatever is given by Dix Noonan Webb, its servants or agents, or any seller to any buyer in respect of any lot and any express or implied conditions or warranties are hereby excluded.

(b) Any lot which proves to be a 'deliberate forgery' may be returned by the buyer to Dix Noonan Webb within 15 days of the date of the auction in the same condition in which it was at the time of the auction, accompanied by

a statement of defects, the number of the lot, and the date of the auction at which it was purchased. If Dix Noonan Webb is satisfied that the item is a 'deliberate forgery' and that the buyer has and is able to transfer a good and marketable title to the lot free from any third party claims, the sale will be set aside and any amount paid in respect of the lot will be refunded, provided that the buyer shall have no rights under this Condition if:

(i) the description in the catalogue at the date of the sale was in accordance with the then generally accepted opinion of scholars and experts or fairly indicated that there was a conflict of such opinion; or

(ii) the only method of establishing at the date of publication of the catalogue that the lot was a 'deliberate forgery' was by means of scientific processes not generally accepted for use until after publication of the catalogue or a process which was unreasonably expensive or impractical.

(c) A buyer's claim under this Condition shall be limited to any amount paid in respect of the lot and shall not extend to any loss or damage suffered or expense incurred by him or her.

(d) The benefit of the Condition shall not be assignable and shall rest solely and exclusively in the buyer who, for the purpose of this condition, shall be and only be the person to whom the original invoice is made out by Dix Noonan Webb in respect of the lot sold.

Conditions mainly concerning Sellers and Consignors

13 Warranty of title and availability

The seller warrants to Dix Noonan Webb and to the buyer that he or she is the true owner of the property or is properly authorised to sell the property by the true owner and is able to transfer good and marketable title to the property free from any third party claims. The seller will indemnify Dix Noonan Webb, its servants and agents and the buyer against any loss or damage suffered by either in consequence or any breach on the part of the seller.

14 Reserves

The seller shall be entitled to place prior to the auction a reserve on any single item lot which has a minimum value of £100, being the minimum 'hammer price' at which that lot may be treated as sold. A reserve once placed by the seller shall not be changed without the consent of Dix Noonan Webb. Dix Noonan Webb may at their option sell at a 'hammer price' below the reserve but in any such cases the sale proceeds to which the seller is entitled shall be the same as they would have been had the sale been at the reserve. Where a reserve has been placed, only the auctioneer may bid on behalf of the seller.

15 Authority to deduct commission and expenses

The seller authorises Dix Noonan Webb to deduct commission at the 'stated rate' and 'expenses' from the 'hammer price' and acknowledges Dix Noonan Webb's right to retain the premium payable by the buyer.

16 Rescission of sale

If before Dix Noonan Webb remit the 'sale proceeds' to the seller, the buyer makes a claim to rescind the sale that is appropriate and Dix Noonan Webb is of the opinion that the claim is justified, Dix Noonan Webb is authorised to rescind the sale and refund to the buyer any amount paid to Dix Noonan Webb in respect of the lot.

17 Payment of sale proceeds

Dix Noonan Webb shall remit the 'sale proceeds' to the seller not later than 35 days after the auction, but if by that date Dix Noonan Webb has not received the 'total amount due' from the buyer then Dix Noonan Webb will remit the sale proceeds within five working days after the date on which the 'total amount due' is received from the buyer. If credit terms have been agreed between Dix Noonan Webb and the buyer, Dix Noonan Webb shall remit to the seller the sale proceeds not later than 35 days after the auction unless otherwise agreed by the seller.

18 If the buyer fails to pay to Dix Noonan Webb the 'total amount due' within 3 weeks after the auction, Dix Noonan Webb will endeavour to notify the seller and take the seller's instructions as to the appropriate course of action and, so far as in Dix Noonan Webb's opinion is practicable,

will assist the seller to recover the 'total amount due' from the buyer. If circumstances do not permit Dix Noonan Webb to take instructions from the seller, the seller authorises Dix Noonan Webb at the seller's expense to agree special terms for payment of the 'total amount due', to remove, store and insure the lot sold, to settle claims made by or against the buyer on such terms as Dix Noonan Webb shall in its absolute discretion think fit, to take such steps as are necessary to collect monies due by the buyer to the seller and if necessary to rescind the sale and refund money to the buyer.

19 If, notwithstanding that the buyer fails to pay to Dix Noonan Webb the 'total amount due' within three weeks after the auction, Dix Noonan Webb remits the 'sale proceeds' to the seller, the ownership of the lot shall pass to Dix Noonan Webb.

20 Charges for withdrawn lots

Where a seller cancels instructions for sale, Dix Noonan Webb reserve the right to charge a fee of 15 per cent of Dix Noonan Webb's then latest estimate or middle estimate of the auction price of the property withdrawn, together with Value Added Tax thereon if the seller is resident in the European Union, and 'expenses' incurred in relation to the property.

21 Rights to photographs and illustrations

The seller gives Dix Noonan Webb full and absolute right to photograph and illustrate any lot placed in its hands for sale and to use such photographs and illustrations and any photographs and illustrations provided by the seller at any time at its absolute discretion (whether or not in connection with the auction).

22 Unsold lots

Where any lot fails to sell, Dix Noonan Webb shall notify the seller accordingly. The seller shall make arrangements either to re-offer the lot for sale or to collect the lot.

23 Dix Noonan Webb reserve the right to charge commission up to one-half of the 'stated rates' calculated on the 'bought-in price' and in addition 'expenses' in respect of any unsold lots.

General conditions and definitions

24 Dix Noonan Webb sells as agent for the seller (except where it is stated wholly or partly to own any lot as principal) and as such is not responsible for any default by seller or buyer.

25 Any representation or statement by Dix Noonan Webb, in any catalogue as to authorship, attribution, genuineness, origin, date, age, provenance, condition or estimated selling price is a statement of opinion only. Every person interested should exercise and rely on his or her own judgement as to such matters and neither Dix Noonan Webb nor its servants or agents are responsible for the correctness of such opinions.

26 Whilst the interests of prospective buyers are best served by attendance at the auction, Dix Noonan Webb will, if so instructed, execute bids on their behalf. Neither Dix Noonan Webb nor its servants or agents are responsible for any neglect or default in doing so or for failing to do so.

27 Dix Noonan Webb shall have the right, at its discretion, to refuse admission to its premises or attendance at its auctions by any person.

28 Dix Noonan Webb has absolute discretion without giving any reason to refuse any bid, to divide any lot, to combine any two or more lots, to withdraw any lot from the auction and in case of dispute to put up any lot for auction again.

29 (a) Any indemnity under these Conditions shall extend to all actions, proceedings costs, expenses, claims and demands whatever incurred or suffered by the person entitled to the benefit of the indemnity.

(b) Dix Noonan Webb declares itself to be a trustee for its relevant servants and agents of the benefit of every indemnity under these Conditions to the extent that such indemnity is expressed to be for the benefit of its servants and agents.

30 Any notice by Dix Noonan Webb to a seller, consignor, prospective bidder or buyer may be given by first class mail or airmail and if so given shall be deemed to have been duly received by the addressee 48 hours after posting.

31 These Conditions shall be governed by and construed in accordance with English law. All transactions to which these Conditions apply and all matters connected therewith shall also be governed by English law. Dix Noonan Webb hereby submits to the exclusive jurisdiction of the English courts and all other parties concerned hereby submit to the non-exclusive jurisdiction of the English courts.

32 In these Conditions:

(a) 'catalogue' includes any advertisement, brochure, estimate, price list or other publication;

(b) 'hammer price' means the price at which a lot is knocked down by the auctioneer to the buyer;

(c) 'total amount due' means the 'hammer price' in respect of the lot sold together with any premium, Value Added Tax chargeable and additional charges and expenses due from a defaulting buyer in pounds sterling;

(d) 'deliberate forgery' means an imitation made with the intention of deceiving as to authorship, origin, date, age, period, culture or source which is not shown to be such in the description in the catalogue and which at the date of the sale had a value materially less than it would have had if it had been in accordance with that description;

(e) 'sale proceeds' means the net amount due to the seller being the 'hammer price' of the lot sold less commission at the 'stated rates' and 'expenses' and any other amounts due to Dix Noonan Webb by the seller in whatever capacity and howsoever arising;

(f) 'stated rate' means Dix Noonan Webb published rates of commission for the time and any Value Added Tax thereon;

(g) 'expenses' in relation to the sale of any lot means Dix Noonan Webb charges and expenses for insurance, illustrations, special advertising, packing and freight of that lot and any Value Added Tax thereon;

(h) 'bought-in price' means 5 per cent more than the highest bid received below the reserve.

33 Vendors' commission of sales

A commission of 15 per cent is payable by the vendor on the hammer price on lots sold.

34 VAT

Commission, illustrations, insurance and advertising are subject to VAT if the seller is resident in the European Union.
