Summary of Information for Buyers

Registering to Bid

It is strongly recommended that you contact us as early as possible if you wish to bid in one of our auctions and have never previously registered with us. This may be done via our website (www.dnw.co.uk > **Your Account** > **Account Authorisation**), by email to auctions@dnw.co.uk or by telephone to 020 7016 1700. The period directly before our auctions is extremely busy and we cannot guarantee that the registration process, which may include security checks, can be carried out in time for you to bid if your request is received by us at a late stage.

Bidding Priority

Please note that we prioritise executing commission bids as early as possible in order to secure the lot for you at the cheapest possible price. It is therefore entirely possible that a lot can sell at your top bid to another bidder. To avoid this happening we offer an optional 'Plus 1' bidding increment facility, whereby if the bidding is against you at your maximum bid the auctioneer will execute one further bid on your behalf. Please note that in the event of identical top bids priority is given to the first bid received.

Placing Bids

Live Bidding via www.dnw.co.uk

You may bid in real time from your computer or mobile device. We provide an optional live video and audio feed of the auctioneer, allowing you to participate in much the same way as attending the auction. You may see your invoice and pay online directly after you've finished bidding. **There is no additional charge for this facility.**

Advance Bidding via www.dnw.co.uk

We strongly advise this method if you wish to leave bids in advance as it is the easiest, most accurate and flexible way to leave your bids and gives you total control over them right up to the point that the lot is offered for sale. Bids made online cannot be seen by others and only become live at this point the lot is being sold. Up until this time your bids can be easily altered or cancelled. An automated email is sent to confirm any changes made. **There is no additional charge for online bidding** and it is not necessary to pre-register a payment card in order to do so.

Postal and Telephone Bids

Whilst we are still happy to execute all bids submitted to us using post or telephone, it should be noted that all bids left with us in these ways will be entered at our offices using exactly the same bidding facility to which all our clients have access. **There is, therefore, no better way of ensuring the accuracy of your advance bids than to place them yourself online.**

If you are registered with DNW you may bid by email to auctions@dnw.co.uk or by telephone to 020 7016 1700. *All bids placed by email or telephone must be received before 16:00 on the day preceding the sale.*

A bidding form is included in the back of this catalogue. If you wish to use this please fill it in carefully, to include all relevant information. *Please ensure that you post this form so that it arrives, at the latest, the day before the sale.*

Bidding in the Auction Room

You are very welcome to attend the auction and bid in person if you are registered with DNW. Please note that the auction room is situated on the third floor of a Georgian building which doesn't have a lift. You may pay for and clear your lots during the auction.

Saleroom Notices

Should the description of a lot need to be amended after the publication of this catalogue, the amendments will appear automatically on the DNW website, www.dnw.co.uk. All such amendments are also incorporated in the List of Saleroom Notices pertaining to this auction which are posted separately on the website. The auctioneer will refer to any notices at the time any affected lot is offered for sale.

Catalogue Illustrations and the Internet

Prospective bidders are reminded that the DNW website features high-resolution colour illustrations of every lot in this auction. There may also be additional illustrations of any lot.

Buyers' Premium

The rate for this sale is **24%** of the Hammer Price (+ VAT where applicable)

Importation Duty

Lots marked 'x' are subject to importation duty of **5%** on the Hammer Price unless re-exported outside the EU.

Bullion Lots

Lots marked 'G' will have the VAT element shown on your invoice.

Multiple Lots

All multiple lots (lots containing two or more items) with the exception of designated sets of coins are sold as viewed and not subject to return. Buyers are recommended to view such lots.

Prices Realised

The hammer prices of lots sold at DNW auctions are posted at www.dnw.co.uk in real time and telephone enquiries are welcome from 09:00 on the day after the auction.

Payment

You may access your invoice shortly after the hammer has fallen on your last lot. As we weigh lots at the time of cataloguing most shipping is already calculated, enabling you to settle your account, clear and receive your lots in a timely fashion. As noted above, auction attendees may pay and clear during the course of the auction as soon as they have bid on their last lot.

*Full Terms and Conditions of Business are available to read

The company was formed to combat the threatened monopoly of the United Fruit Co. The company operated a weekly steamship service to New York from Kingston. Kingston Wharves Ltd. exported fresh grapefruit segments and cartons of orange concentrate to the U.K. The company started in 1945 and operated from Harbour Street, Kingston; they then moved to 3rd Street, New Port West, Kingston in about 1967. Jamaica Banana Producers' Association was formed in 1929. The Association acted as a co-operative to give the growers a united body for their protection against the monopoly that the United Fruit Company sought to establish. The Jamaica Fertilizer Products Ltd was founded in 1929 and registered as a limited company on Market Street, Montego Bay in 1934. It was founded by Mr and Mrs James M. Whiteside who visited the Windsor Caves in Trelawney. It was granted a subsidy by the British Government of \$40,000 per annum for 10 years to buy and carry 20,000 stems of bananas every two weeks from Jamaica to the U.K. The enterprise was started by Alfred Jones and used Avonmouth as its British port. In May 1901 the company was reformed into Elders & Fyfes and in 1903 having suffered financial problems as a result of the hurricane of that year became a subsidiary of the United Fruit Co. Morris Part was owned by Mr Duncan A. Nairn. It was a banana estate of less than 100 acres and the tallies were first used in 1964. The estate later became part of Bernard Lodge sugar estate. The Klondyke was a music hall at 13, The Mall, Floriana and managed by Augustus Wood and his wife from before the First World War. The business closed in 1958. The Victoria Music Hall was advertised in 1920 as being the oldest established and most up-to-date music hall in Malta; established in 1881.  The United Service Music Hall was on the corner of Strait Street and St. Nicholas Street. The name Palmer is a incorrect spelling for Palmier, who owned this music hall. The use of V in the legend rather than U is unusual. Palais Des Danses appear to date to the early 1900's, if not earlier. The building would seem to have been bombed during the 2nd World War and subsequently rebuilt. The cataloguer can find nothing recorded in the owners notes for the White Swan Music Hall

 This society was registered on 28 April 1948 and it opened its first consumer store at 48B Tower Road, Sliema. The society closed after only a few years of trading and one informant believed it was due to bankruptcy caused by lavish spending by the directors. The checks were given to customers to record the value of purchases and the customer would return them periodically for dividend payment. They were made in England and are typical of British co-op checks

The first non Roman Catholic Church in Malta was formed in 1824 by the Methodist minister, the Rev. John Keeling, who bought a building on the corner of Old Bakery Street and Melita Street from the Government. This building was bought by the Free Church of Scotland in 1843 for £900 and used for Presbyterian services; the Methodists vacating the building for another one in Senglea. In 1857 the Presbyterians build St. Andrew's Church on land bought by the rev. Dr George Wisely on the corner of South Street and Old Bakery Street. This building continued in use until 1942 when German bombing destroyed the roof, which was restored in 1955

Provenance: Bt. Valenzie (Malta), 1985

Zeitun is a town in the east of the island some 4 1/2 miles from Valletta. In the parish church during the 1930's there was a payment of 3/4 pence to be made for a chair. However, there was a shortage of farthings for change, so the church had these checks made which were good for a farthing in change. Their popularity was such that Zeitun shop keepers accepted them as they were readily redeemable by the church. After a few years, the civil authorities told the parish priest that the use of the checks as small change was illegal and so he had to withdraw them and their use was discontinued

The M.M.D. token was obtained from a former member of the club, but sadly he did not recall the use. The National Pharmacy was founded in the late 1920's by Sav. Vella on Strada Reale in Hamrun. Later the business relocated to 194 High Street, Hamrun. These are discount checks given to customers who spent a specific value and could later be redeemed for goods at a subsequent date. These passed out of usage prior to 1975. The use of the Joseph Sarena token is not known. He issued a smaller token that apparently was a Fruit Machine token. Nothing is known for certain about the Kicker token, but a number have been found in Malta on different occasions; the legend suggests it is a machine operating token.

Provenance: ex. K. V. Eckardt, 1976

From a small hoard of these pieces found by K. V. Eckardt at the salt ponds of La Grande Salines, in August 1975.

The swamp lands at La Grande Salines were first exploited for salt during the Swedish occupation of the island, but because prices could not compete with salt harvested from other islands the trade collapsed in 1872. Taken over by France, the French government incentivised those on St. Barts to restart the business, but after a hurricane in 1924 trade collapsed until William Beal took over the concession in the early 1930's. The largely female workforce worked an oppressive salt harvesting 'season' of 3 months. The trade ceased in 1972

Provenance: Bt. K. V. Eckardt, 1977

The date 1771 on the Gossling tokens most likely refers to the establishment of the business, as the nature of the tokens suggests a British denominational issue after the capture of St. Eustatius by Rodney in 1781. Herman Gossling was a successful trader in spices and sugar and owned various properties in Lower Town, which was the coastal commercial part of the capital town on the island.

NOTE: All bids placed other than via our website should be received by 16:00 on the day prior to the sale. Although we will endeavour to execute any late bids, DNW cannot accept responsibility for bids received after that time. It is strongly advised that you use our online **Advance Bidding Facility**. If you have a valid email address bids may be entered, and amended or cancelled, online at www.dnw.co.uk right up until a lot is offered. You will receive a confirmatory email for all bids and amendments. Bids posted or faxed to our office using this form will now be entered by our staff into the system using exactly this facility to which our clients now have access.

Important Information for Buyers

Absentee Bids

It is recommended that absentee bids are placed using our online advance bidding facility, which is available on our website at www.dnw.co.uk. Bids placed in this way cannot be seen by others and do not go live until the actual moment that the lot in question is being offered for sale. All bids can be easily altered or cancelled by the bidder prior to this point. An automated email will be sent confirming all bids and alterations.

A valid email address is required to bid online.

There is no additional charge for online bidding and it is not necessary to pre-register a payment card in order to do so.

Whilst we are still happy to execute all bids submitted in writing or by phone, fax, etc., it should be noted that bids left with us will be entered at our offices using the same bidding facility to which all our clients have access. There is, therefore, no better way of ensuring the accuracy of your bids than to execute them yourself online.

Whilst online bids can be placed up until the moment a lot is offered for sale, all other bids made to the office must be confirmed in writing, by fax or e-mail and should be received by 16:00 on the day prior to the sale. Although we will endeavour to execute late bids, Dix Noonan Webb Ltd cannot accept responsibility for any bids received later than this.

If a bidder is unable to attend an auction or to bid live on the internet and wishes to book a **telephone bid** with DNW, **they must contact DNW by 16:00 on the day prior to the sale** to make arrangements to bid thus. **DNW cannot be held responsible in the event of connectivity issues, resulting in failure for the buyer to be able to bid.**

Commission Form

Further advice to bidders and purchasers may be found on the commission form included with this catalogue. Please use this form when sending bids to us by post or fax.

Buyers' Premium

A buyers' premium of 24% on the hammer price (plus VAT if resident in, or lots are delivered within, the European Union) **is payable by the buyer on all lots.**

Pre-sale Estimates

The pre-sale estimates are intended as a guide for prospective purchasers. Any bid between the listed figures would, in our opinion, offer a fair chance of success. However all lots, depending on the degree of competition, can realise prices either above or below the listed estimates.

New Clients

New clients must register online to bid (whether in person or in absentia) and any such registrations will only be accepted once due diligence has been completed to the satisfaction of Dix Noonan Webb.

Registration requests, together with auction house references and identification/proof of address as requested should be submitted as early as possible and certainly not later than one business day before the auction.

Whilst every endeavour is made to complete the registration process as quickly as possible, Dix Noonan Webb cannot be held responsible if it is not completed in time for a bid to be placed.

Dix Noonan Webb reserve the right to refuse any registration without explanation.

Methods of Payment

All payments must be made in pounds sterling within five days of the end of a sale unless credit terms have been made by prior arrangement.

The best way to make payment is by Visa or MasterCard credit or debit cards via our website www.dnw.co.uk. Carriage and insurance is pre-calculated for you so that you may pay immediately.

Payment may also be made by bank transfer to DNW's account at:

Lloyds
Piccadilly London Branch
39 Piccadilly
London W1J 0AA

Sort Code: 30-96-64

Account No: 00622865

Swift Code: LOYDGB2L

IBAN: GB70LOYD30966400622865

BIC: LOYDGB21085

Please include your surname, client code and auction date with the instructions to the bank. Alternative methods of payment which may enable immediate clearance of purchases include cash, recognised banker's drafts, credit cards (Master Card, Visa and Amex) and debit cards. Although personal and company cheques are accepted, buyers are advised that property will not be released until such cheques have fully cleared and cannot be subject to recall, which may take two weeks. Third party payment is not accepted except by prior arrangement. Cardholder not present transactions will only be accepted when successfully completed through our online payment platform. Clients may be required to pay by bank transfer for their first purchase or at other times at sole discretion of Dix Noonan Webb.

Please note that we will not accept cash payments in excess of £5,000 (five thousand pounds) in settlement for purchases made at any one auction.

Purchases will be despatched as soon as possible upon full payment in pounds sterling for the lots you have bought. Carriage will be at the buyer's expense. Estimates and advice on all methods of despatch can be provided upon request.

Loss and damage warranty cover at the rate of 1.5% will be arranged unless otherwise specified and will be added to the carriage charge for non-UK deliveries.

Goods can only be shipped to the address provided to and verified by Dix Noonan Webb at the time of registration.

Change of Address

Change of address requests will be subject to the same due diligence by Dix Noonan Webb as at the time of registration.

Artists' Resale Rights (Droit de Suite)

Droit de Suite is a royalty payable to a qualifying artist or their estate every time the artist's work is sold at auction or by an art market professional during the artist's lifetime and for a period of up to 70 years following the artist's death.

Royalties are calculated on a sliding percentage scale based on the hammer price.

Lots subject to this royalty payment are marked with **ARR** in the catalogue.

Conditions of Business

Conditions mainly concerning Buyers

1 The buyer

The highest bidder shall be the buyer at the 'hammer price' and any dispute shall be settled at the auctioneer's absolute discretion. Every bidder shall be deemed to act as principal unless there is in force a written acknowledgement by Dix Noonan Webb Ltd ("DNW") that he acts as agent on behalf of a named principal. Bids will be executed in the order that they are received.

2 Minimum increment

The auctioneer shall have the right to refuse any bid which does not conform to Dix Noonan Webb's published bidding increments which may be found at dnw.co.uk and in the bidding form included with the auction catalogue.

3 The premium

The buyer shall pay to DNW a premium on the 'hammer price' in accordance with the percentages set out above and agrees that DNW, when acting as agent for the seller, may also receive commission from the seller in accordance with Condition 15.

4 Value Added Tax (VAT)

The buyers' premium is subject to the current rate of Value Added Tax if the lot is delivered to the purchaser within the European Union.

Lots marked 'x' are subject to importation duty of 5% on the hammer price unless re-exported outside the EU.

The provision of a VAT form C88 is subject to the discretion of DNW and will be subject to an administration fee of £50.

5 Payment

When a lot is sold the buyer shall:

(a) confirm to DNW his or her name and address and, if so requested, give proof of identity; and

(b) pay to DNW the 'total amount due' in pounds sterling within five working days of the end of the sale (unless credit terms have been agreed with Dix Noonan Webb before the auction). Please note that, as stated above, we will not accept cash payments in excess of £5,000 (five thousand pounds) in settlement for purchases made at any one auction.

6 DNW may, at its absolute discretion, agree credit terms with the buyer before an auction under which the buyer will be entitled to take possession of lots purchased up to an agreed amount in value in advance of payment by a determined future date of the 'total amount due'.

7 Any payments by a buyer to DNW may be applied by DNW towards any sums owing from that buyer to DNW on any account whatever, without regard to any directions of the buyer, his or her agent, whether expressed or implied.

8 Collection of purchases

The ownership of the lot(s) purchased shall not pass to the buyer until he or she has made payment in full to DNW of the 'total amount due' in pounds sterling.

9 (a) The buyer shall at his or her own expense take away the lot(s) purchased not later than 5 working days after the day of the auction but (unless credit terms have been agreed in accordance with Condition 7) not before payment to DNW of the 'total amount due'.

(b) The buyer shall be responsible for any removal, storage and insurance charges on any lot not taken away within 5 working days after the day of the auction.

(c) The packing and handling of purchased lots by DNW staff is undertaken solely as a courtesy to clients and, in the case of fragile articles, will be undertaken only at DNW's discretion. In no event will DNW be liable for damage to glass or frames, regardless of the cause. Bulky lots or sharp implements, etc., may not be suitable for in-house shipping.

10 Buyers' responsibilities for lots purchased

The buyer will be responsible for loss or damage to lots purchased from the time of collection or the expiry of 5 working days after the day of the auction, whichever is the sooner. Neither DNW nor its servants or agents shall thereafter be responsible for any loss or damage of any kind, whether caused by negligence or otherwise, while any lot is in its custody or under its control.

Loss and damage warranty cover at the rate of 1.5% will be applied to any lots despatched by DNW to destinations outside the UK, unless specifically instructed otherwise by the consignee.

11 Remedies for non-payment or failure to collect purchase

If any lot is not paid for in full and taken away in accordance with Conditions 6 and 10, or if there is any other breach of either of those Conditions, DNW as agent of the seller shall, at its absolute discretion and without prejudice to any other rights it may have, be entitled to exercise one or more of the following rights and remedies:

(a) to proceed against the buyer for damages for breach of contract.

(b) to rescind the sale of that or any other lots sold to the defaulting buyer at the same or any other auction.

(c) to re-sell the lot or cause it to be re-sold by public auction or private sale and the defaulting buyer shall pay to DNW any resulting deficiency in the 'total amount due' (after deduction of any part payment and addition of re-sale costs) and any surplus shall belong to the seller.

(d) to remove, store and insure the lot at the expense of the defaulting buyer and, in the case of storage, either at DNW's premises or elsewhere.

(e) to charge interest at a rate not exceeding 2 percent per month on the 'total amount due' to the extent it remains unpaid for more than 5 working days after the day of the auction.

(f) to retain that or any other lot sold to the same buyer at the sale or any other auction and release it only after payment of the 'total amount due'.

(g) to reject or ignore any bids made by or on behalf of the defaulting buyer at any future auctions or obtaining a deposit before accepting any bids in future.

(h) to apply any proceeds of sale then due or at any time thereafter becoming due to the defaulting buyer towards settlement of the 'total amount due' and to exercise a lien on any property of the defaulting buyer which is in DNW's possession for any purpose.

12 Liability of Dix Noonan Webb and sellers

(a) Goods auctioned are usually of some age. All goods are sold with all faults and imperfections and errors of description. Illustrations in catalogues are for identification only. Buyers should satisfy themselves prior to the sale as to the condition of each lot and should exercise and rely on their own judgement as to whether the lot accords with its description. Subject to the obligations accepted by DNW under this Condition, none of the seller, DNW, its servants or agents is responsible for errors of descriptions or for the genuineness or authenticity of any lot. No warranty whatever is given by DNW, its servants or agents, or any seller to any buyer in respect of any lot and any express or implied conditions or warranties are hereby excluded.

(b) Any lot which proves to be a 'deliberate forgery' may be returned by the buyer to DNW within 15 days of the date of the auction in the same condition in which it was at the time of the auction, accompanied by a statement of defects, the number of the lot, and the date of the auction at which it was purchased. If DNW is satisfied that the item is a 'deliberate forgery' and that the buyer has and is able to transfer a good and marketable title to the lot free from any third party claims, the sale will be set aside and any amount paid in respect of the lot will be refunded, provided that the buyer shall have no rights under this Condition if:

(i) the description in the catalogue at the date of the sale was in accordance with the then generally accepted opinion of scholars and experts or fairly indicated that there was a conflict of such opinion; or

(ii) the only method of establishing at the date of publication of the catalogue that the lot was a 'deliberate forgery' was by means of scientific processes not generally accepted for use until after publication of the catalogue or a process which was unreasonably expensive or impractical.

(c) A buyer's claim under this Condition shall be limited to any amount paid in respect of the lot and shall not extend to any loss or damage suffered or expense incurred by him or her.

(d) The benefit of the Condition shall not be assignable and shall rest solely and exclusively in the buyer who, for the purpose of this condition, shall be and only be the person to whom the original invoice is made out by DNW in respect of the lot sold.

Conditions mainly concerning Sellers and Consignors

13 Warranty of title and availability

The seller warrants to DNW and to the buyer that he or she is the true owner of the property or is properly authorised to sell the property by the true owner and is able to transfer good and marketable title to the property free from any third party claims. The seller will indemnify DNW, its servants and agents and the buyer against any loss or damage suffered by either in consequence of any breach on the part of the seller.

14 Reserves

The seller shall be entitled to place, prior to the first day of the auction, a reserve at or below the low estimate on any lot provided that the low estimate is more than £100. Such reserve being the minimum 'hammer price' at which that lot may be treated as sold. A reserve once placed by the seller shall not be changed without the consent of DNW. DNW may at their option sell at a 'hammer price' below the reserve but in any such cases the sale proceeds to which the seller is entitled shall be the same as they would have been had the sale been at the reserve. Where a reserve has been placed, only the auctioneer may bid on behalf of the seller.

15 Authority to deduct commission and expenses

The seller authorises DNW to deduct commission at the 'stated rate' and 'expenses' from the 'hammer price' and acknowledges DNW's right to retain the premium payable by the buyer.

16 Rescission of sale

If before DNW remit the 'sale proceeds' to the seller, the buyer makes a claim to rescind the sale that is appropriate and DNW is of the opinion that the claim is justified, DNW is authorised to rescind the sale and refund to the buyer any amount paid to DNW in respect of the lot.

17 Payment of sale proceeds

DNW shall remit the 'sale proceeds' to the seller not later than 35 days after the auction, but if by that date DNW has not received the 'total amount due' from the buyer then DNW will remit the sale proceeds within five working days after the date on which the 'total amount due' is received from the buyer. If credit terms have been agreed between DNW and the buyer, DNW shall remit to the seller the sale proceeds not later than 35 days after the auction unless otherwise agreed by the seller.

18 If the buyer fails to pay to DNW the 'total amount due' within 3 weeks after the auction, DNW will endeavour to notify the seller and take the seller's instructions as to the appropriate course of action and, so far as in DNW's opinion is practicable, will assist the seller to recover the 'total amount due' from the buyer. If circumstances do not permit DNW to take instructions from the seller, the seller authorises DNW at the seller's expense to agree special terms for payment of the 'total amount due', to remove, store and insure the lot sold, to settle claims made by or against the buyer on such terms as DNW shall in its absolute discretion think fit, to take such steps as are necessary to collect monies due by the buyer to the seller and if necessary to rescind the sale and refund money to the buyer if appropriate.

19 If, notwithstanding that, the buyer fails to pay to DNW the 'total amount due' within three weeks after the auction and DNW remits the 'sale proceeds' to the seller, the ownership of the lot shall pass to DNW.

20 Charges for withdrawn lots

Where a seller cancels instructions for sale, DNW reserve the right to charge a fee of 15 per cent of DNW's then latest middle estimate of the auction price of the property withdrawn, together with Value Added Tax thereon if the seller is resident in the European Union, and 'expenses' incurred in relation to the property.

21 Rights to photographs and illustrations

The seller gives DNW full and absolute right to photograph and illustrate any lot placed in its hands for sale and to use such photographs and illustrations and any photographs and illustrations provided by the seller at any time at its absolute discretion (whether or not in connection with the auction).

22 Unsold lots

Where any lot fails to sell, DNW shall notify the seller accordingly. The seller shall make arrangements either to re-offer the lot for sale or to collect the lot.

23 DNW reserve the right to charge commission up to one-half of the 'stated rates' calculated on the 'bought-in price' and in addition 'expenses' in respect of any unsold lots.

General Conditions and Definitions

24 DNW sells as agent for the seller (except where it is stated wholly or partly to own any lot as principal) and as such is not responsible for any default by seller or buyer.

25 Any representation or statement by DNW, in any catalogue as to authorship, attribution, genuineness, origin, date, age, provenance, condition or estimated selling price is a statement of opinion only. Every person interested should exercise and rely on his or her own judgement as to such matters and neither DNW nor its servants or agents are responsible for the correctness of such opinions.

26 Whilst the interests of prospective buyers are best served by attendance at the auction, DNW will, if so instructed, execute bids on their behalf. Neither DNW nor its servants or agents are responsible for any neglect or default in doing so or for failing to do so.

27 DNW shall have the right, at its discretion, to refuse admission to its premises or attendance at its auctions by any person.

28 DNW has absolute discretion without giving any reason to refuse any bid, to divide any lot, to combine any two or more lots, to withdraw any lot from the auction and in case of dispute to put up any lot for auction again.

29 (a) Any indemnity under these Conditions shall extend to all actions, proceedings costs, expenses, claims and demands whatever incurred or suffered by the person entitled to the benefit of the indemnity.

(b) DNW declares itself to be a trustee for its relevant servants and agents of the benefit of every indemnity under these Conditions to the extent that such indemnity is expressed to be for the benefit of its servants and agents.

30 Any notice by DNW to a seller, consignor, prospective bidder or buyer may be given by first class mail or airmail and if so given shall be deemed to have been duly received by the addressee 48 hours after posting.

31 These Conditions shall be governed by and construed in accordance with English law. All transactions to which these Conditions apply and all matters connected therewith shall also be governed by English law. DNW hereby submits to the exclusive jurisdiction of the English courts and all other parties concerned hereby submit to the non-exclusive jurisdiction of the English courts.

32 In these Conditions:

(a) 'catalogue' includes any advertisement, brochure, estimate, price list or other publication;

(b) 'hammer price' means the price at which a lot is knocked down by the auctioneer to the buyer;

(c) 'total amount due' means the 'hammer price' in respect of the lot sold together with any premium, Value Added Tax chargeable and additional charges and expenses due from a defaulting buyer in pounds sterling;

(d) 'deliberate forgery' means an imitation made with the intention of deceiving as to authorship, origin, date, age, period, culture or source which is not shown to be such in the description in the catalogue and which at the date of the sale had a value materially less than it would have had if it had been in accordance with that description;

(e) 'sale proceeds' means the net amount due to the seller being the 'hammer price' of the lot sold less commission at the 'stated rates' and 'expenses' and any other amounts due to DNW by the seller in whatever capacity and howsoever arising;

(f) 'stated rate' means DNW's published rates of commission for the time and any Value Added Tax thereon;

(g) 'expenses' in relation to the sale of any lot means DNW charges and expenses for insurance, illustrations, special advertising, packing and freight of that lot and any Value Added Tax thereon;

(h) 'bought-in price' means 5 per cent more than the highest bid received below the reserve.

33 Vendors' commission of sales

A commission of 15 per cent is payable by the vendor on the hammer price on lots sold.

34 VAT

Commission, illustrations, insurance and advertising are subject to VAT if the seller is resident in the European Union.
